What is Shadarobah? Shadarobah means “May the future be better than the past” in a Native American tongue.”

Rescue – Rehabilitate – Foster – Adopt

After being under water for 6 weeks, Shadarobah is finally drying up! We’ve sustained 5 major floods due to the extremely rainy conditions this spring and summer season.

We’d like to thank all the people who have been supporting us through this difficult time. Thank you to the Jefferson Center Township Volunteer Fire Department; Indiana News Center; Wane 15; and those people who kindly donated time, supplies, and funds to get us through the last couple months.

Although we are through the flooding, there is still much more work to be done! In addition to barn chores, we still have a long way to go with improvement projects, event planning, fundraising, etc. We’ve noticed a significant drop in volunteers this year. We would like to encourage any past/current volunteers to come and help out! We appreciate all the help we can get, no matter how large or small the gesture.

Anyone wishing to become a volunteer should contact Amanda @ 260-237-7298, to sign up for the next volunteer orientation!

Horse of the Month – Whisper

Whisper is a 12 year old Quarter Horse mare. She was previously a free range brood mare. She has had very little human contact and is still learning to trust. At this time we are working on being able to touch her so she can be haltered. Despite her free range lifestyle, she is extremely calm.
